

Stream Crossing Boot Camp Draft Agenda July 1, 2020

Target Audience: CD staff responsible for field project part of DGLVR Program.

Format and Schedule: This will be a "hybrid" boot camp, with remote classes and on full day in the field, 2.5 days. Select Day 1 and one option for Day 2, with Day 3 being suggested, but optional.

- Day 1, July 21, 2020: 9am-12:30pm (intro to stream crossing basics), live training via Zoom 20 attendee
- Day 2, July 28, 2020: 9am-4pm (in field in Shavers Creek area for 10 attendees)
- Day 2, July 29, 2020: 9am-4pm (in field in Shavers Creek area for 10 attendees)
- Day 2, July 30, 2020: 9am-4pm (in field, rain date if needed)
- Day 3, August 11, 2020: 9am-11:30am (2-3 hour live training via Zoom) 20 attendees, follow-up

Classroom and Field Details:

- **Class Topics:** A wide variety of topics from policy, to planning, to implementation of DGLVR stream Xing projects will be covered.
- **Field Topics:** The "main event" will be the active installation of a 11' bottomless arch pipe on precast concrete footers. We will also visit other previously completed projects, potential projects, and conduct some basic stream surveying exercises.
- *Field Event Logistics: Please register for 1 session of Day 2. We will meet at the [parking lot of Lake Perez, Shavers Creek, Huntingdon County](#). Penn State Blue Bus will provide transportation to active site. Limited to 10 attendees at a time.*
- **Class Follow-up:** Provided by live Zoom, follow-up, more details, demo project update, closeout, not mandatory.

****Safety Equipment Required: Masks, hard hat, steel-toed boots, rubber/Muck Boots, work gloves, safety vests (we will have some), eye protection, and work attire for all types of weather, bug repellent.**

NOTE: No registration fee for CD personnel, hotel not included (see below).

Stream Crossing Boot Camp is scheduled for July 21st, choose one July 28th or July 29th, August 11 Follow-up session (optional, however highly suggested). [Register Here.](#)
