_	QAB Meeting Date:
0	Notes:
co sig	contract and Attachments: The district generates the contract in GIS, and the grant recipient reviews the contract and attachments. A meeting to discuss project requirements may be beneficial. The grant recipient gns the contract and Prevailing Wage Notification Letter attachment. The conservation district signs the contract.  Contract Date:  Notes:
sir be su re	ofessional Design Services (if applicable): Program funds can be used to cover engineering, permitting, or milar consultant costs, but such costs are limited to a maximum of 20% of the total contract amount etween the district and the grant recipient, with a maximum of \$25,000 total. Preparation or design costs ich as engineering or surveying that are incurred before the contract is signed are not eligible for grant imbursement but can be counted as in-kind. Many DGLVR Projects do not require professional design rvices.  O Project Engineer:
pr	re-Design Meeting (if applicable): The District, Project Participant, and Engineer/Consultant of record for to oject should meet on site prior to the start of the design. District staff may ask technicians from TU, CDGF others to attend and provide assistance.  Pre-Design Meeting Date:
0	Attendees:
0	Notes:
ap re	re-Permit/Design Submittal Review (if applicable): Before engineered plans are complete or permit oplications are submitted, the conservation district should review the documents to ensure they accurately flect the DGLVR project and all DGLVR requirements. Work with the designer and applicant to update planermit applications, etc. as needed before they are finalized/submitted.  Date of plan submission:  Date of Review:
0	Plan Reviewers:
0	Notes:
ov pr	d Package Review (if applicable): If any subcontracted work is needed, grant recipients should follow their with bidding requirements. Bid packets or purchase orders and associated shop drawings for made to order roducts (ex. Stream crossing structures) should be provided to the conservation district for review and approval that they meet program policy prior to acknowledging an order or advertising the bid. See Bid ackage Review Checklist for review guidance.

(	Э	Notes:				
1	At a the owr	<b>yject Inspection:</b> District must be on site regularly to ensure program policies and standards are being met. a minimum, districts should be on site when the project starts, and whenever a new practice or phase of project begins. Ensure any proposed "field changes" to what is on the plan are approved by the road ner and other parties, if applicable (contractor, design engineer, landowner, etc.) Note inspection visits on log on this form or any timeline document in use.				
;	adv	viject Completion: District and the grant recipient must meet onsite for a final project walkthrough. It is vantageous to do this immediately following construction with the contractor and engineer (if applicable), that minor issues can be addressed while equipment is still on site.
